Dear Mr. Weissberg,

Since the night Your book was reviewed on the "Long John Nebel" Show I have tried with zero success to purchase a copy.

Furthermore, during several weeks of leisurely traveling through New England and Nova Scotia I never saw a copy. I looked diligently for your book and asked wherever we were if the book were available or whether it was expected in and no one seemed to know anything about it. This is utterly amazing to me. My own book shop or rather the one I make most purchases at - The R. J. Gorke Co. a department store

in Elizabeth, N.J. has just informed me again today that they were not able to get a copy.

Is there a reason why this book is not available? I cannot understand it.

Also, I belatedly remember, you did say that if one were not able to purchase a copy, you would send one by writing to your address. Will you kindly send me "White Wash" and charges for book and mailing, so that I might reimburse you immediately.

Since I was one of many of my friends who could not swallow the Warren Report and will always wonder over the terrible events of November 22, 1963 I am most eager to read what you have to say.

I will appreciate hearing from you.

Very truly yours

Mrs. Alexander Lewis
